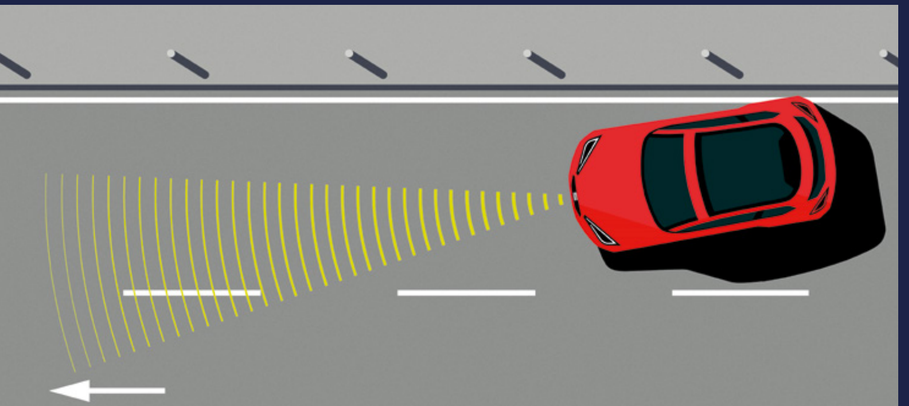
Safety

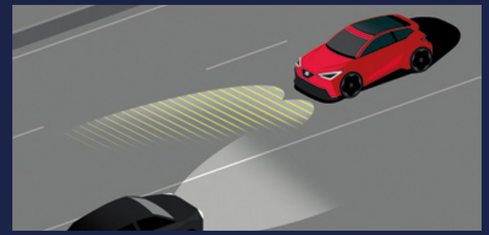
Drive Breezy & Own Every Mile

Don't sweat it, you're sorted. The SEAT Ibiza comes with innovative, drive-assist technology so you can focus on what's important - the fun stuff. With a 5-star Euro NCAP rating, your SEAT Ibiza is built for confidence. It features advanced driving technology that detects blind spots. Also, it keeps you updated with real-time traffic info, thanks to Traffic Jam Assist. For extra peace of mind, count on the Antitheft Alarm to keep you informed in case of a break-in attempt, while Adaptive Cruise Control and Lane Assist with built-in camera help you drive smoothly, safely, and stress-free.



Lane Assist
The advanced tech that protects and helps you stay in your lane. Perfect for the daily grind on the road, this system alerts you if you drift—so you can adjust your position.

Side Assist
When the system detects something within 70 meters of your car, it provides a visual alert, so you can overtake or change lanes with confidence and safety. Thanks to its front & rear facing radars, you'll always be aware or your surroundings.



High Beam Assist
If the system detects a vehicle ahead, it automatically switches between low and high beam headlights, to minimize glare for other drivers.

Predictive Adaptive Cruice Control
With its integrated front camera and cutting-edge predictive technology, you can drive more safely and keep the perfect pace. The system anticipates potential dangers ahead and semi-automatically adjusts your SEAT Ibiza's velocity.

Antitheft Alarm
Smart security technology that protects your SEAT Ibiza from break-in attempts.

Environmental Information

Lighting

Headlamps and rear lamps (not for LOW version) are 100% LED, increasing life service by up to 10 times. For headlamps, the luminous flux effectiveness is increased at least 30% in comparison to a halogen lamp.

Drive Profile

ECO mode is designed to support an efficiency-focused driving style. By adapting engine and transmission characteristics, it optimizes selected vehicle settings to promote smooth and balanced vehicle operation, depending on driving conditions and driving behaviour.

SEAT'S environmental mission: contributes to climate protection, resource conservation, ecosystem preservation, and compliance with environmental regulations.
