1953. The first SEAT rolls off our Barcelona production line and a whole country starts moving. More than 60 years later and we’re moving people all over the world.

But Barcelona still inspires us. Its creative spirit runs through our veins. Feeds into every car we produce. In fact, 90% of the energy we use to make our cars comes direct from Mediterranean sunshine. This is a city that never stops. And neither will we. Why? Because you have places to be.

Created in Barcelona.
The world is full of possibilities. SEAT makes it easy to take hold of them. Plot your own route. Set your own goals. Keep moving through your ever-changing life. It’s what we do. Because if it doesn’t set you free, drive you forward, make things better, what’s the point? If it’s not easy, it’s not mobility.
Whatever the size, every family needs backup. Safety, comfort and technology, with zero compromises. The little things that make a big difference. Because these aren't just roads, they're memories. The SEAT Alhambra. Get ready to turn journeys into stories.

The memories start here.

Our global range of models and product specifications varies from country to country. Please, visit your local SEAT website to know more about the product offer available for you.
When you have the details right, anything’s possible. The SEAT Alhambra brings them all together, with smart and sophisticated features like chrome fittings, a bold front grille in glossy black finish and 18” Alloy Wheels. Because it’s your world. You decide how to get the most out of it.
Every family’s different. There’s no one size fits all. Except when you’ve got 2,430 litres of room on the inside, with a spacious boot for everyone’s stuff. And 32 ways of configuring the seats give you all the flexibility you need, for whatever life throws at you.

Room to grow? You’ve got it.
When technology just works, it really is a kind of magic. From the Bi-Xenon headlights that make driving at night more like day, to the Virtual Pedal so you can open your boot completely hands-free, the SEAT Alhambra has more ways to make life magically easy.
Social media. Entertainment. Maps. The world is in your pocket. And with Full Link technology, your SEAT Alhambra gets seamlessly connected. Featuring MirrorLink™, Apple CarPlay™ and Android Auto™, your 6.3” colour touchscreen lets you control your world. Smart just got simpler.

Smartphone?
Smarter car.
Nothing matters more than their safety. Key elements like Front Assist and the seat belt reminder for 5 seats come as standard in all models. Want more? 4Drive and DSG deliver more responsive control, while Blind Spot Detection alerts you to unseen obstacles. Multifunctional camera technologies like Lane Assist and Traffic Sign Recognition actively monitor your surroundings and respond or alert you accordingly. Tiredness Recognition helps you stay alert, and with the comprehensive airbag system, everyone is protected. Think about it once, and then know it’s taken care of.

Safer is better.
Your way.

The time’s come to set the rules.

It’s all about the choices you make. The SEAT Alhambra makes sure you’ve got everything you need, for whatever you choose. Whether it’s a performance boost, added convenience, or just some extra style and comfort, you’ve got what it takes. All you need to do is take it.
FR-Line.

Family fun? Turn it up a notch.

Playtime just got serious. The SEAT Alhambra’s ready for the challenge. Step into the FR-Line, and its performance, versatility and design take it to another level. From school runs to camping holidays, this is how you take practical and make it cool.

Sporty touches.
Every journey should be a memorable experience. And the FR-Line puts the fun into function. From the details on your steering wheel, to the style of the seats, it’s not just about getting there. It’s about how you feel when you arrive.

Wheel appeal.
The FR-Line’s 18" Akra Atom Grey Alloy Wheels are built for action. The sports heritage brings powerful handling. Durability and strength bring reliability. Now all you’ve got to do is bring the adventure.
