

SEAT **Mii electric**

The world doesn't stand still. And neither do you. Every challenge is an opportunity to try something new. Be curious. Keep pushing forward.

It's the way we live too. SEAT is a brand born in Barcelona. Inspired by colour and light. Fuelled by creative energy and optimism. We're here to make it easier for you to move the way you want to. So, where shall we go?

Where to next?

At SEAT we believe that moving should be effortless.
For everyone.

Cars that you want to drive because they look great
and feel even better. Large SUVs. e-HYBRID. Electric
scooters and bikes. Mobility solutions to make moving
through your city smarter. Brighter. More enjoyable. And
above all, easier.

Moving made easy.

It's a great
start.

Every first step leads somewhere. Whether it's the first step on a new journey, or the first step towards a positive change, you know you're choosing to move in a different way. The SEAT Mii electric is the great start for those who choose to do things differently — and have fun every step of the way.

It's time to move in a different way. The SEAT Mii electric comes with the right size & design for the city, advanced technology & connectivity for the future, and a range & performance to take you where you want to go. Because a better world starts with one great beginning.

Starting on
the right foot?

Do more. Reach higher. Go farther.

Where to next? The SEAT Mii electric features a range of 260 km with combined city & roadway driving, or 360 km with 100% city driving*.

And feel the power of the 61 kW powertrain engine with 83 hp and 212 Nm of torque as it accelerates from 0 to 50 km/h in only 3.9 seconds.

This is performance that pushes you to go even farther. So you can enjoy every moment behind the wheel.

*WLTP range of up to 259 km with combined city & roadway driving and up to 358 km with 100% city driving.

Why choose electric?

A 100% electric car not only benefits the world of tomorrow, it also improves the world you live in today. Driving in the city? The SEAT Mii electric's compact size makes it simple to find parking spots, while the electric engine allows easy access to emission-free zones.

Sustainable choices can be good for your wallet, too. In addition to accessible pricing, the SEAT Mii electric comes with fewer maintenance needs and consumption costs for a low cost of ownership.

It's time to move in new ways.

Can't park near your destination? The SEAT MÓ eKickScooter powered by Segway can take you an extra 25 km on just one charge. Featuring ambient lighting and Cruise Control, the 100% electric scooter is just one more easy way to get you where you want to go.

Our global range of cars and product specifications varies from country to country. Please, visit your local SEAT website to know more about the product offer available for you.

SEAT MÓ eKICKSCOOTER

Need to power up on the road? Recharge your battery to 80% in 1 hour with the 40 kW DC fast charger, or in 4 hours with the standard 7.2 kW AC charger.

Or if you're charging at home, the 7.2 kW SEAT Charger lets you fill your battery to 80% in only 4 hours, or in 13 hours via standard AC 2.3 kW socket charging.

Keep on moving.

Spark their interest.

Like to make an impact? Sophisticated details like the Mii electric lettering on the rear add extra appeal.

On the road, lightweight 16" Machined Atom Grey Alloy Wheels improve both style and performance.

EXTERIOR DESIGN

Our global range of cars and product specifications varies from country to country. Please, visit your local SEAT website to know more about the product offer available for you.

It's your future. Keep it looking good.

Whatever comes next, you've got the details and technologies to take it on with sophisticated style.

Tarnished grey side stickers give your SEAT Mii electric a sleek and streamlined look, while electrically-adjustable and heated exterior mirrors with integrated indicators help you always see what's behind you.

Control and comfort go hand-in-hand in the SEAT Mii electric . Enjoy all you need within easy reach on the dashboard with a 5" Colour Display, radio, 6-speaker sound system and convenient smartphone holder.

Incorporate more comfort in your on-the-go lifestyle with front heated Sport seats featuring an ergonomic design. And then tie the look together with sophisticated upholstery, the leather gear stick and chrome details on the radio and air vents.

Small details.
Big impressions.

Rethink the way you feel your world.

The SEAT Mii electric comes with advanced technologies to help you enjoy the world around you. From heated front seats to the Climatronic System's automatic heating and cooling, the car is equipped for your comfort.

Want a look to match the feel? White ambient lighting under the dashboard brightens up the interior while accentuating its stylish design.

You've got it all in the palm of your hand.

The SEAT DriveMii App lets you control your SEAT Mii electric from your smartphone. Check vehicle status, navigate offline, listen to music stored on your smartphone, adjust the radio and even use handwriting recognition to search for contacts and more.

Multifunction display with vehicle status.

See your total range, driving times, mileage and engine speed on the easy-to-read multifunction display.

Offline navigation.

No connection? No problem. Easily find where you're going with offline 2D and 3D maps. What's more, Traffic Sign Reminder shows you important road information directly on the map, while the Speed Limiter lets you know the maximum speed allowed for the road you're on.

Handwriting recognition.

In a hurry? Use handwriting recognition to search your contacts, calls, music and more.

Your car. Your world. Together.

On the go? Manage everything from electric car charging to remote climatisation to parking position directly from your smartphone. So you can rest assured your SEAT Mii electric is ready to go whenever you are.

e-Manager.

Planning ahead pays off. Start charging your battery from wherever you are, whenever you want, so you can set off with a full charge. Want to avoid peak hours? e-Manager also lets you choose when to charge, allowing you to take advantage of the cheapest electricity hours.

Remote climatisation.

Comfort in all weather. Remotely set the climatisation system to warm or cool your car to your ideal temperature before you arrive.

Parking position.

Not sure where you parked? Easily find your SEAT Mii electric thanks to its GPS locator. Far away? No worries. There's no limit to the search radius.

Departure times.

Love to make the most of your day? When you set a recurring or one-time time of departure, your car will be charged and climatised before you get in.

Vehicle status.

Knowledge is power. Check the current status of your car, including doors & lights, from your smartphone.

Driving data.

Improve trip efficiency by checking information on your average speed, total driving time, total distance travelled and average overall fuel economy — all from your smartphone.

*Requires 2G or 3G connection

Hill Hold Control.

Pulling out from hill parking is easy and requires no parking brake thanks to this feature that prevents backward-rolling.

Rear parking sensor.

The SEAT Mii electric is an all-around urban car, featuring a rear parking sensor for pulling into tight spaces.

Powered by peace of mind.

When you've got the confidence to move in new ways, change comes easy. The SEAT Mii electric comes with advanced tools and technologies to ensure that every drive is easy and safe.

Rain sensor.

Bad weather? This sensor in the rear view mirror automatically regulates wiper blade frequency depending on the amount of rain, ensuring good visibility.

Front & side airbags.

A little extra protection goes a long way. Driver and front passenger airbags, in addition to side airbags, automatically activate in case of collision.

Lane Assist & Traffic Sign Reminder.

Long trip? Lane Assist uses corrective steering to keep your car in its lane, while Traffic Sign Reminder displays important road information directly on the navigation map.

It's easy to be yourself with the SEAT Mii electric.
Choose the trim. Choose the colour. You're in charge.
Feels good, doesn't it?

How will you start?

It's time to
power up.

When you choose electric, you choose to take a new step forward. Make it more meaningful with even more advanced technologies and comforts to elevate every ride.

Take it easy.

The rain and light sensor in the rear view mirror automatically regulates wiper blade frequency depending on the amount of rain. It also monitors light, adjusting the brightness of your headlights to your surroundings.

Keep looking forward.

Caught in bad weather? Front fog lights reduce the amount of light reflected from fog, rain or snow.

SEAT Mii electric Plus.

Comfort in your control.

Need to warm up? Individually heated front Sport seats let you and your passenger set your own temperatures.

More matters.

Looking for some extra protection and privacy? Enjoy dark-tinted windows in the rear and side rear.

Your connected car.

Want to manage your SEAT Mii electric directly from your smartphone? Check vehicle status, navigate offline, listen to your music and more with the SEAT DriveMii App.

A touch of luxury.

The Leather Pack's leather steering wheel and parking brake pair perfectly with the gear stick of the same material, rounding off the SEAT Mii electric's sophisticated interior.

Standard equipment.

Safety:

SEAT e-CARE makes moving forward easy. Full protection on your electric car, including Service & Maintenance, Roadside Assistance, Extended Warranty and even your own Holiday Car. Worry-free future, sorted.

Bolder living
starts here.

Put your best foot forward.

Whichever way you're going, choose quality service that'll keep your electric on the road. We've got a range of packs to set you straight.

Small pack.

The basic pack features Service and Inspection, Roadside Assistance and Car Warranty.

Medium pack.

In addition to the Small Pack, enjoy Service and Limited Maintenance, Winter Tyres, Storage, a Courtesy Car and Insurance (with deductible).

Large pack.

In addition to the Medium Pack, experience Full Maintenance, Tyre change and Insurance (without excess).

Get out there for less.

Easy mobility for as long as you need it. Available anywhere from 1 to 4 years, SEAT Lease&Care covers all your maintenance, insurance and warranty needs from only €XXX per month, with no down payment.

Go the extra mile. We've got your back.

The SEAT Warranty Extension lets you extend your 2-year manufacturer's warranty for 1, 2 or 3 years, or up to 100,000 km — whatever comes first. And if your car is new, the warranty comes included. Easy. Cost-effective. Ready for bolder living.

Whatever you need. Just ask.

Want a tow? More fuel? On-the-spot repair? SEAT Mobility Service is here for you. 24/7. Everywhere in the EU, plus most neighbouring countries. For up to 10 years. This is complete, reliable roadside assistance. And best of all? If your SEAT is new, you get 2 years free.

Play harder. We'll keep you on track.

SEAT Insurance is tailor-made to your car. To make moving forward easy. Our 24-hour customer service and official workshops using only SEAT Genuine Parts get you back on the road. Vandalism or theft? No problem. We're your ride.

Challenge ahead. Worries behind.

Live life to the fullest. SEAT Service & Maintenance contracts cover most services in the SEAT Service Programme for the first 3, 4 or 5 years of ownership. Available in Basic or Premium, with options for financing. So you can put your positivity into what really matters.

Where do you find your energy?

Home is the best place to recharge. Get the SEAT Charger installed to start charging your SEAT Mii electric in a quick and easy way. The SEAT Charger charges your battery to 100% in 3 hours compared to 6 hours with the conventional plug.

The connected SEAT Charger is a smart solution that lets you manage your car-charging all in one place.

SEAT Charger.

The best solution to charge safely, easily and quickly. Available in 1ph and 3ph versions for up to 11kW AC.

SEAT Charger Connect.

Connects to your home internet to add remote functionality. Download the SEAT Easy Charging App and check updates, data from your smartphone.

SEAT Charger Pro.

Includes all the benefits of the SEAT Charger Connect, but adds mobile LTE for enhanced connectivity. Measure and manage your consumption remotely with a certified MID electric meter.
